Recently Promoted

William Jackson
Technical Sales

William joined System Control in 1999, and after rising through the ranks to store manager, he was this year promoted to our sales team.

He is working primarily in commercial sales, assisting Colin Poulter with OEM problems and servicing our wholesale customers.

William will also assist in industrial sales as required.

Favourite Movie

Highlander & The Blues Brothers

Relocated

Stephen Lock
Technical Sales

Steve has moved across to our Queensland office after spending the last two years with our Sydney office.

Whilst he will surely be missed in New South Wales, he is a great addition to our Queensland team.

Steve specializes in Industrial Applications.
