## Product Of The Month

*Free Demonstrations provided at all SCE offices*

The PCA2 is the perfect tool for service technicians and boiler contractors who need to ensure safe operating conditions, determine combustion efficiency, or perform emissions testing in combustion applications.

# PCA2

### Measures

- ◆ Flue Gas Oxygen (O<sub>2</sub>)
- ◆ Carbon Monoxide (CO)
- ◆ Stack Temperature
- ◆ Draft
- ◆ Differential Pressure
- ◆ Combustion Air Temperature

Special Introductory Price

\$2400.00 + GST §

*Please see over page for further product details*

§ Offer Valid Until 31/3/2007

Wireless Printer  
Now included with every PCA2 sold

The PCA2 is a commercial-grade, hand-held, combustion efficiency analyzer for on demand or semi-continuous sampling of light industrial, commercial and residential furnaces, boilers and appliances.

## Product Features

### Smart Sensors

- Field replaceable
- Pre calibrated
- Easy access
- Quick and accurate response

### Measures 4 Gases Simultaneously

- Standard - O<sub>2</sub>, CO-H<sub>2</sub>
- Optional - CO (high), NO, NO<sub>2</sub> & SO<sub>2</sub>

### Memory Storage

- Stores 500 records
- View records on PCA2, print or download to PC
- 48 hour cycle recording every 5 minutes

### Digital Manometer

### Automatic CO Overage Protection

### Graphic Display

- 160 x 160 graphic liquid crystal display
- Easy to read
- Backlight
- Zoom

### Warranty

- 2 year warranty on analyzer and toxic gas cells
- 1 year warranty on O<sub>2</sub> cell and printer

## Standard Product Inclusions

All of the following items are included with every PCA2 sold

# This Months Specials

All prices are GST exclusive

Alianca - Manual Changeover Kit	White Rodgers - Thermostat
	
A176503/69K	W0014
<ul style="list-style-type: none"> <li>❖ Capacity 200 MJ / hour</li> <li>❖ Output Pressure 2.75kPa</li> </ul>	<ul style="list-style-type: none"> <li>❖ Room Thermostat (Horizontal Only)</li> <li>❖ Range 7°C to 32°C</li> </ul>
Cost: \$40.00 + GST †	Cost: \$25.00 + GST †

† Offer Expires 31/3/2007

# MEGA SALE

March 9<sup>th</sup> 2007

**SENSATIONAL SAVINGS  
ONE DAY ONLY!!!**

ALL SHOP SOILED STOCK MUST BE SOLD

**NO REASONABLE OFFER REFUSED**

**PRICES SLASHED ON**

- Gas Connectors
- Gas Filters
- Ignition Transformers
- Ignitors (including Electronic & Piezo)
- Leak Detectors (including the Leakator Junior)
- LPG Regulators
- Manual Changeover Kits
- Pilots
- Pressure Gauges & Switches
- Solenoid Valves
- Thermocouples
- Thermostats

**ONSITE DEMONSTRATIONS OF**

- Domestic Gas Detectors
- Gas Checks
- The *new* PCA2 Gas Analyzer
- The *new* White Rodgers Blue Thermostats

**STORE TOURS**

**Sale will commence from 12pm & conclude at 6pm**

**BBQ & DRINKS PROVIDED**

## System Control Suppliers

System Control Engineering aims to be your *one stop shop for all gas component needs*. For this reason we are proud to be distributors of the following quality product lines.

- |   |   |   |  |
|---|---|---|--|
|    | AKO - thermostats                           |    | Junkers - piezo ignitors                   |
|    | Alcon - solenoid valves                     |    | Klockner - gas & oil burners               |
|    | Alianca - LPG regulators                    |    | Kromschroder - valves, switches & motors   |
|    | Bacharach - combustion analysers            |    | Muller - L.P. gas regulators               |
|   | Beckett - gas burners                       |   | Negaban - valves                           |
|  | Brahma - burner controls, valves & ignitors |  | Neptronic - damper motors                  |
|  | Bray - gas burners                          |  | North American - burners & burner controls |
|  | Campini - thermostats and temp controls     |  | Norton - HSI ignitors                      |
|  | Cast - electrodes                           |  | Oara - regulators                          |
|  | Catoba - pilots, valves & thermocouples     |  | P.S.E - flame rods                         |
|  | Crouzet - control boxes & U.V. detectors    |  | Pactrol - gas burner control boxes         |
|  | De Dietrich - boilers                       |  | Polidoro - gas pilot & atmospheric burners |
|  | Dormont - connectors & flex tubes           |  | RAM - gas burner control boxes             |
|  | Eberle - electronic & mechanical controls   |  | Ranco - electronic & mechanical controls   |
|  | Ecoflam - gas & oil burners                 |  | Regesa - ignitors                          |
|  | Eliwell - electronic controls               |  | Rego - L.P. gas regulators & accessories   |
|  | Fimit - guages                              |  | Robertshaw - gas valves & controls         |
|  | Geca - gas sensors & instruments            |  | Samtech - meters & regulators              |
|  | Giuliani Anello - gas filters & regulators  |  | Satronic - flame safeguards & controls     |
|  | Ilimit - pockets & thermostats              |  | Scarico - controls & ignitors              |
|  | Invensys - appliance controls               |  | Seitron - detectors & thermostats          |
|  | Ispra Controls - control boxes & ignitors   |  | Siemens - controls                         |
|  | Itap - ball, check & bib cock valves        |  | Staiger - gas solenoid valves              |
|  | Jackwal - infra-red burners                 |  | Tecnontrol - gas sensors & instruments     |
|  | Jeavons - gas pressure regulators           |  | White Rodgers - combo controls & valves    |
